Ruth Ann Terry, MPH, RN
Executive Officer

PRE LICENSURE REGISTERED NURSING EXTERNAL DEGREE PROGRAMS

The California Board of Registered Nursing currently permits the graduates of the Excelsior College Degree Programs in Nursing to take the NCLEX examination for licensure in this State. Excelsior College was formally known as Regents College.

The Board does not approve, nor is it legally responsible for, any agency which is involved in assisting persons to complete the requirements for the Excelsior program. For information regarding program, contact:

Harriet Gillerman, RNC, MS, Director
Western Performance Assessment
for Excelsior College Nursing Program
(562) 595-5299

or

Excelsior College
7 Columbia Circle
Albany, New York 12203-5159
www.excelsior.edu

To take the licensing examination as a 30-unit option licensed vocational nurse, rather than a graduate, the units MUST be taken in a school in California approved by this Board. The Excelsior College program is NOT a California approved school and cannot be used to satisfy the LVN 30-unit option.
